My understanding is that Polly is out today and I presume Michigan will take care of this, but let us know if we can assist.

Tom M. Williams

Associate Regional Counsel

United States Environmental Protection Agency, Region 5

Subject: Consent Order for Wolverine - Settlement Communication

All –

Please find attached the State's draft Administrative Order on Consent to address PFAS contaminants related to Wolverine's operations and waste disposal from the former tannery in Rockford, Michigan. As you know, the State has been working with EPA to coordinate efforts on this matter, and we anticipate setting up time to discuss these at your earliest convenience. Tom Williams from EPA is sending the EPA version to you now, so you should have both draft Orders in hand simultaneously.

Brian and I are both out of town early next week, but if you have questions about the content of the State Order as you review, you may contact Dep. Dir. Sue Leeming at MDEQ directly; she can tap technical staff as needed for technical questions, and she will reach out for legal counsel from my office as necessary. I will have access to email in the evenings, so your questions, or MDEQ's, can also be handled electronically to the extent that can work.

I will be back in the office and available any time, all day on Friday, Jan. 5 to participate in a call or meeting with your team to review the State Order, with MDEQ staff involvement, as well as U.S. EPA.

We look forward to discussing this with you.

Polly
